

# Tobit

## *Introduction*

The book of *Tobit* is a kind of wisdom literature told in the form of a religious novel. Tobit, the principal character of the story, is a faithful Israelite who was taken into exile in Nineveh, the capital of Assyria, after the Assyrians conquered the northern kingdom of Israel in 722 B.C. This book teaches the importance of remaining faithful to God, of giving to the poor, and of respecting one's parents. It also shows that God answers prayers, and though people may be tested or punished by suffering, God will always remain faithful to those who are faithful to him.

Wise sayings and prayers are combined in the carefully constructed story of *Tobit*. The central plot revolves around Tobit, a pious and respected elder in the Jewish community. Throughout the story Tobit remains faithful to God's Law, despite suffering captivity, blindness, and poverty. Eventually, he is restored to health and happiness. A second story in *Tobit* tells about Sarah, a young Israelite woman living in Ecbatana who is tormented by a demon who killed each of the seven men she married on their wedding nights. Connecting these two stories is the story of Tobias, Tobit's son, and Raphael, an angel sent by God to answer the prayers of Tobit and Sarah. As the story alternates between Nineveh and Ecbatana, the author gives the reader a more complete view of what's

happening than any of the individual characters have. As a result, readers of the book of *Tobit* can see how God actively protects those who are faithful to him. In this way readers are reminded to trust God even when they feel God has not heard their prayers.
